1997 Bell 430

# 1997 Bell 430

The Bell 430 is a twin-engine light-medium helicopter manufactured by Bell Helicopter Textron. Renowned for its reliability and performance, it features a spacious cabin that can be configured for various roles, including VIP transport, emergency medical services, and utility missions. The helicopter offers advanced avionics, a four-bladed rotor system for smooth flight, and powerful engines that provide exceptional handling and capabilities. The Bell 430 is a popular choice for its blend of comfort, versatility, and efficiency in operations around the globe.
